Apologies: 0

Record: 楊育佳常委

Agenda:

I. President speech:

All standing committee members are invited to discuss the proposals for each grade, and at the same time report your work duty based on your team assigned.

II. Discussion

a. Proposals

[G7 SP]

1. The portion size of the meal varies greatly. We wonder whether the quality control is poor.
2. Meals students got were cold.
3. The seasoning of the meals is peculiar, and we hope meals can be seasoned in a way that is acceptable by the public. At present, many students throw away their lunches because they are unpalatable. Can schools use the amount of food waste to determine whether a manufacturer/contractor is suitable?
4. Meals are undersized and do not contain fresh green nutritious vegetables. We recommend not substituting root or frozen vegetables for fresh vegetables.
5. Chicken has a meaty smell. Photos do not match the actual meal. Vegetables have no taste.
6. We would like to ask the school to regularly inspect the sanitation and food of the student restaurant, and whether the school can regularly inform parents of the inspection results.

Resolution: Passed. If students encounter poor meals, they can raise it in time, so that the school can deal with it immediately. Besides, the related department should be aware of the matter.

[G8 SP]

We recommend that schools announce the results as soon as possible after the final exam and publish the list of make-up exams so that students can prepare for it.

Resolution: Passed. We will propose the matter to relevant departments for further discussion.

[G9 IP]

1. It is recommended that schools disclose GPA scores on transcripts for students' and parents' reference.

Resolution: Passed. We will propose the matter to relevant departments for further discussion.

2. The awarding of awards in the last semester was too slow, it is suggested that the school can speed up the pace

Resolution: Passed. We will propose the matter to relevant departments for further discussion.

[G10 IP]

1. Many people were injured in several cycling training sessions, but the school did not notify the parents immediately. After the students were injured, they did not call to care or contact the insurance company to deal with related matters. It is suggested that the school can take more care and set up a special window to be responsible for follow-up processing and contact.

Resolution: Passed. We will propose the matter to relevant departments for further discussion.

2. Personal college counseling service could start in Grade 10.

Resolution: Passed. We will propose the matter to relevant departments for further discussion.

III. Provisional motion:

None

IV. Dismissal
