[G7]

(1). The construction at the entrance of the school caused noises that affected our students seriously during classes, lunch breaks and even during examination taking. We urge our school to coordinate the construction company as soon as possible.

Resolution: Passed.

[G9]

(2). The triathlon school team was led by school to Taitung to participate the Challenge-Taiwan competition in April. They took a long drive tour bus there not train and consumed too much mental and physical energy due to long travel period. The school team plays on behalf of our school, and each event is the accumulation of experience and learning for students and players. We recommend the school could improve and strengthen the administration and set up an exclusive Line group for each competition event.

Resolution: Passed and will submit to relevant unit for further discussion
